### **DETAILED ACTION**

The amendment filed 20/04/2004 under 37 CFR 1.116 in reply to the final rejection has been considered and is made of record.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

In view of applicants' response, particularly amendment to claims 4, 7 and 10 to the 112 first paragraph rejection made in the previous office action have been obviated.

The method of cleaving glycation endproducts, or method of treating deleterious effects of aging or method of treating complications resulting from diabetes due to formation of glycation endproducts or protein cross-linking with compounds LR-102, LR-99 recited in the instant claims was not found to be anticipated or rendered obvious by the prior art of record. Additional search in the related art area also did not yield any prior art disclosing the method of uses with compounds embraced in the instant claims. Therefore, the examiner noted that the claims 1-12 would be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
